Our Commitment

LIVE OUT "LOVE THY NEIGHBOR

In order to love our neighbors, we must first know them. This comes about when food, work and laughter is shared.

Love follows understanding, which comes from walking a path together. When we walk together, we learn that we are much more alike than we are different and that we all are God's children. Our hope and our privilege is to be the hands of Jesus here on earth.

REDEFINE NEIGHBOR

We are charged by Jesus to love our neighbor.

We believe that to survive as a community, we need to redefine the concept of "neighbor" beyond "next door" to include people who have different life experiences.

Our job is to see past the walls of society and build bridges, to celebrate our similarities as God's children and learn from our differences.

ENJOY ONE ANOTHER

The work of love is hard. The bonds made while working together create lasting friendships. Groups will have time each day to enjoy time together, doing some kind of activity, such as swimming, boating, etc.

Change comes about through laughter, fun, and shared good times as well as work. Our campers will have times each day for fun activities. All the traditional camp activities are available with an urban twist.

EVENING ACTIVITIES.

We encourage groups to enjoy recreation and fun in the evenings. When you fill out your registration, please note which of these activities you might like to do on a particular night and we will do our best to make arrangements.
